

WELDMAX Extrusion Welder

Our lightest extrusion welder, the WELDMAX is versatile and quiet. The WELDMAX is especially well suited to detail & finishing and is ideal for confined spaces.

Benefits

- Suitable for PE, HDPE, LDPE, PVDF, and PA
- Extremely compact, quiet, and easy to use
- The lightest Leister hand extruder
- Extensively field tested
- Continuous, independent adjustment of air temperature, plast temperature, and output rate
- Motor start-up protection prevents damage from cold starts
- 360° adjustable welding shoe and grip
- Twist-free welding rod intake
- Complies with DVS (German Welding Association) standards

Why Buy From Us

The WELDMAX is available in Canada only through STANMECH and its distributor network. We offer same-day shipping on in-stock items and we service everything we sell from our facility in Burlington, Ontario, Canada.

Technical Data – WELDMAX

Voltage	V~	120, 230
Power consumption	W	1800, 2200
Frequency	Hz	50 / 60
Welding rod	mm	Ø 4
Output	kg/h	0.3 – 0.8
Size (L x W x H)	mm	443 x 94 x 225, handle Ø 57
Weight	kg	3.8
Approval markings		CE, S+, QPS
Electrical protection		Class II
