

## 643 Direct Drive Blower

### Benefits

- Compact, rugged design
- Heavy duty, high quality construction
- High speed, high flow rate
- Efficient power utilization
- Direct drive motor technology
- 8" water gauge @ 800 CFM
- Complete with 1 year warranty
- Available with a recirculating air option  
– up to 300°C inlet air temperature

The 643 direct drive centrifugal blower is ideal for air knife drying, vacuum, fluidized bed and aeration applications. This blower has been designed for use with our inline air knife heaters.

### Why Buy From US

The 643 blower is only available in Canada from STANMECH and its distributor network. The 643 blower is ideal for those applications requiring an efficient, cost effective high flow rate air source.

### Technical Data – 643 Centrifugal Blower

Voltage	V	230-400
Hertz	Hz	50/60
Power	kW	2.2
Amperes	A	5
Weight	kg	34
Inlet	Inch	7.8
Outlet	Inch	7.6
Noise Level	dB	88
