

ASO Medium Pressure Blower

This medium pressure radial blower is designed for use with multiple industrial heat sources including the Tool 3300, 5000 10000 and the LHS 40 and 60 series.

Benefits

- Up to eight Tool 3300s or four Tool 10,000s can be used with a single ASO blower
- Can operate with single-phase power at 230V or with three-phase power at 230, 380 or 440V
- Operates with low noise, just 70 dB
- Fitted with an environmentally protected motor
- Suitable for applications of continuous use
- At 60Hz, produces 15,900 litres of air per minute
- Can be used with single-phase 230 volt power by fitting with a 25µF capacitor

Why Buy From Us

The ASO is available in Canada only through STANMECH and its distributor network. The ASO is a compact blower that can be used as an air source for up to eight Leister hot air tools.

Technical Data - ASO

Voltage for three-phase	V~	3 x 380 – 440, 3 x 230
Voltage for single-phase	V~	1 x 230
Capacitor for single-phase	µF	25
Frequency	Hz	50 / 60
Power consumption	F	550
Air flow at 20 °C	l / min.	13500 / 15900
Static pressure	Pa	1600 / 2400
Ambient temperature	°C	< 60
Noise emission level	LpA (dB)	70
Environmental protection (IEC 529)		IP 54
Outside diameter air inlet	mm	ø 134
Outside diameter air outlet	mm	ø 90
Weight	kg	15.0
Size (L x W x H)	mm	357 x 387 x 368
