

TWINNY T Combi-Wedge Welder

The TWINNY T is a fast, versatile combi-wedge welder with easy to change combi-wedges and a digital display for both temperature and speed designed specifically for civil engineering applications.

Benefits

- Rugged construction designed for field use
- Optional data recording on memory card possible
- Stepless control of temperature and speed
- Digital display of temperature and speed
- Exceptional welding performance in all field conditions
- Sophisticated drive technology, designed to meet the most stringent demands
- User friendly
- High welding speed

Why Buy From Us

The TWINNY T combi-wedge welder, available in Canada only through STANMECH and its distributor network, provides excellent performance in civil engineering applications.

Technical Data – TWINNY T

Voltage	V~	120, 230
Power consumption	W	1900, 2300
Amperage	A	15.8, 10.0
Frequency	Hz	50 / 60
Temperature	°C	max. 560
Speed	m/min	0.8 – 3.2
Welding pressure	N	max. 1000
Material thickness	mm	0.3 – 1.0
Size L x W x H	mm	340 x 340 x 270
Weight	kg	6.9
Approval mark:		QPS
