

MONO 6 SYSTEM Blower

The MONO SYSTEM's small size makes it easy to integrate into existing equipment; the brushless motor is suitable for continuous operation; and the integrated controls make it simple to use.

- Compact with small dimensions
- Adjustable air volume up to 600 l/min
- Integrated controls with display
- Can be controlled through external interface
- Maintenance-free, brushless motor for continuous operation
- Integrated tool protection
- Simple mounting
- Suited for air supply of Leister air heaters
